**Subject: Cavendish Road Recommendation to Progress to E2 Stage**

This E2 paper identifies the Cavendish Road site as an opportunity to deliver Derbyshire County -2015 priorities.

The primary purpose of the project is to deliver regeneration objectives.

This proposal examines the opportunity for development and disposal of the site to facilitate the delivery of new housing, including new affordable homes, on underutilised council owned land.

The secondary objective is to maximise value - profits generated from this project could then be recycled through Develop Renew to unlock and expedite further projects that will deliver further regeneration objectives and DCC Council Plan priorities, including implementation of Older Peoples Housing, Accommodation and Support Strategy and Climate Change Strategy.

The paper sets out the proposed scheme that will be submitted for pre-application planning advice and the marketing process for disposal to maximise land value.

The report seeks Partnership Board approval of the business case and E2 Project Budget of £15,000 to deliver the strategy.
