Dear Richard Lovell,

**Active Travel Revenue Funding: Local Authority Capability Fund–
2021/22**

Further to my letter dated 13th August 2021 confirming your Active Travel revenue funding grant allocation, I am writing to issue your grant determination for this funding.

As previously mentioned, your grant is awarded on the understanding that your authority will deliver the objectives as set out in your Capability Fund bid. It is also provided on the condition that your authority works with appropriate lower tier (district-level) authorities to ensure that the funding is targeted at the areas of greatest need, consistent with wider Government agendas including levelling up. Your authority must also demonstrate that it has fully consulted appropriate lower tier authorities in the preparation of your Local Cycling and Walking Infrastructure Plans (LCWIPs).

This grant may be subject to the new rules on subsidy control. It is the responsibility of the receiving organisation to satisfy themselves that they are compliant with the new rules on subsidy control when using this funding. The LA should ensure that they are versed on the new subsidy control rules, and further guidance is available from

The Department welcomes project teams using its corporate identity on projects on which it provides funding. If your authority does wish to do this, please ensure that you keep to the Department's guidelines on use of the corporate identity which can be supplied on request.

The information contained in this letter and its annexes should be brought to the attention of all relevant staff in the authority.

Yours sincerely,
