FOR PUBLICATION

DERBYSHIRE COUNTY COUNCIL

AUDIT COMMITTEE

18 July 2023

Report of the Director of Finance and ICT

Corporate Risk Management Update (2022-23 Quarter 4)

1. Purpose

1.1 To receive an update on current risk management and insurance issues, and to review the Council's strategic risk register.

2. Information and Analysis

- 2.1 This report covers updates to the council's strategic risk register up to the end of Quarter 4 (Q4) (31 March 2023). The current position is summarised in section 3 below. The full register is provided in Appendix 2.
- 2.2 A few external uncertainties, summarised in previous reports, continue to impact on the Council. Notably, the war in Ukraine and broader economic issues affect the Council's financial risk through high interest rates, energy and supply chain costs. Cyber-attack is a constant challenge. Considerable work is ongoing to ensure the Council's data is kept secure and to meet more stringent cyber-security standards. In the meantime, the Council continues to self-insure for cyber risks.
- 2.3 Work during Q4 ensured the strategic and departmental risk registers were more closely associated with the corporate planning process. The most significant risks are now described in the 'Challenges and Opportunities' section of the Council Plan, and service delivery plans show the key risks for each deliverable.
- 2.4 These developments mean that the quality of risk registers should improve. A new 'corporate risk register' (to replace the current strategic risk register) is under development, and departments are aligning their

- registers to the risks identified in the Council's plans. Further improvements are expected as the Transformation & Strategy Division develops its work on corporate horizon scanning, strategic and operational business planning.
- 2.5 All risks will be migrated to the new APEX risk database by 31 July 2023. For the first time, risk owners will be able to directly input their risk data online, beginning with their Q2 updates by the end of September 2023. Having risk data in APEX also means improved performance reports can be provided to senior officers and elected members to improve governance. This will be developed through 2023-24. Dashboards in APEX will allow risk data to be viewed online, and data can be exported for use in other applications and bespoke reports.
- 2.6 The Council's current insurance policy was renewed and took effect from 1 May 2023. 2023-24 is the final year of the current policy and a tender for a new contract will be issued later this year. An actuarial review of the Council's insurance fund is being undertaken to inform the retention value (policy excess) for the tender. A change to the insurance policy renewal date to early summer 2024 is also under consideration. This is to avoid work congestion in the insurance industry around March/April, and to reduce pressure on the Council's insurance staff also dealing with client policy renewals and financial accounts year-end work.

3. Strategic Risk Register (2022-23 Q4 update)

- 3.1 The strategic risk register includes those risks which could have a significant impact on the Council's ability to deliver its services and objectives. These are defined as Major Risks (Red and Amber) and subject to active monitoring and control.
- 3.2 A summary of the strategic risk register is shown in Table 1. The full register is shown at Appendix 2, with the Q4 update for each risk shown in purple text.
- 3.3 The scores for all risks on the register remain unchanged from 2022-23 Q3. Nine risks have been Red for six successive quarters (18 months or more) up to the end of 2022-23 Q4. These risks are indicated in orange in the 'risk description' column in Table 1.
- 3.4 Two overall scores are shown for each risk in 2021-22 Q2 in Appendix 2. This is because a new scoring methodology was introduced in September 2021 to give greater weight to risk impact. Scores are shown using both the old and new methodology for comparison and continuity purposes.

3.5 Details on how risk impact and likelihood are assessed are included for information at the end of Appendix 2.

Table 1 – Summary of current strategic risks (2022-23 Q4)

| Risk description | Risk owner | Target score | Latest score | Change (from previous quarter) |
|--|---------------------|--------------|---------------|--------------------------------------|
| Impact of a prolonged recovery and a funding gap | Mark Kenyon | Amber | Red (Q4) | No change |
| Increase in demand on Council services | lain Little | Amber | Red (Q4) | No change |
| Failure to deliver critical services in emergency situations | Chris Henning | Green | Amber (Q4) | No change |
| Failure to have adequate emergency response arrangements in place | Chris Henning | Amber | Amber (Q4) | On target |
| Supply chain failure | Mark Kenyon | Green | Red (Q4) | No change |
| Failure to achieve value for money for the Council's New Waste Treatment Facility; and failure to recommission the facility and secure long-term operation | Chris Henning | Blue | Red (Q4) | No change |
| Information governance | Mark Kenyon | Amber | Red (Q4) | No change |
| Adapting to climate change | Chris Henning | Amber | Red (Q4) | No change |
| Protection of vulnerable adults | Helen Coombes | Amber | Red (Q4) | No change |
| Protection of vulnerable children | Carol Cammiss | Amber | Amber (Q4) | On target |
| Maintenance of property assets | Janet Scholes | Amber | Red (Q4) | No change |
| Inability to maintain Highways and Countryside assets to an appropriate standard | Chris Henning | Green | Red (Q4) | No change |
| Failure to understand or respond adequately to new or changing legislation and regulation | Helen Barrington | Amber | Red (Q4) | No change |

4. Alternative Options Considered

4.1 This is a regular report on progress with managing strategic risks and implementation of the corporate risk management strategy.

5. Implications

5.1 Implications are discussed in Appendix 1.

6. Consultation

6.1 The information in Appendix 2 was provided by risk owners.

7. Background Papers

7.1 Electronic files held by Risk and Insurance, Finance & ICT Services, County Hall Complex.

8. Appendices

- 8.1 Appendix 1 Implications.
- 8.2 Appendix 2 Strategic Risk Register.

9. Recommendations

9.1 That the Audit Committee notes this report.

10. Reasons for recommendations

10.1 The Audit Committee is charged with providing assurance of risk management within the Council.

| Report Authors: | Contact details: |

<u>Implications</u>

Financial

1.1 Financial implications in relation to specific risks are noted in the strategic risk register where applicable.

Legal

2.1 Legal implications in relation to specific risks are noted in the strategic risk register where applicable.

Human Resources

3.1 Human Resources implications in relation to specific risks are noted in the strategic risk register where applicable.

Information Technology

4.1 Information technology implications in relation to specific risks are noted in the strategic risk register.

Equalities Impact

5.1 Equalities impact implications in relation to specific risks are noted in the strategic risk register where applicable.

Corporate objectives and priorities for change

- 6.1 The strategic risk register and corporate risk management strategy underpin the successful delivery of the Council's objectives and deliverables set out in the Council Plan and service delivery plans.
- 6.2 The corporate risk management strategy is designed to strengthen risk management arrangements to underpin improved performance across the Council, and to deliver greater public value from its work.

Other (for example, Health and Safety, Environmental Sustainability, Property and Asset Management, Risk Management and Safeguarding)

7.1 All other implications in relation to specific risks are noted in the strategic risk register where applicable.

5

STRATEGIC RISK REGISTER

| Report period: | 2022-23 | Q4 |
|----------------|---------|------|
| Report date: | 24 May | 2023 |

This is the Derbyshire County Council strategic risk register.

The Corporate Risk Management Strategy 2021-2025 (v3.1) states that corporate risks scoring 12 and above are deemed 'strategic' and included in the strategic risk register. These are risks with the greatest potential negative impact on the Council.

Change to scoring from September 2021

The risk impact scoring table changed in September 2021 (2021-22 Q2) to give greater weight to the 'Impact' score. Prior to this, risks scoring 15 and above were deemed 'strategic' risks. The pre- and post-September 2021 risk scoring matrices are shown in Appendix 2A and Appendix 2B.

The individual risk summaries in the register below show two 2021-22 Q2 scores. This quarter was scored using both methods to provide continuity of trend data pre- and post-September 2021.

Scoring history (trend)

Historic scoring data is shown from when risks were first included in the register. During 2021-22 some risks were split into component parts and/or wording amended to provide greater clarity. Trend data for these risks have been retained, except where the risk focus has changed sufficiently to make comparison with prior scores less useful.

Risk updates

Textual changes and updates since the last report are shown in **Purple**. Some risks which recently changed to have a score below 12 have been retained on the register for information.

Summary of strategic risks

| Risk description | Risk owner | Target score | Latest score | Change (since previous quarter) | Page |
|---|-------------------|--------------|--------------|------------------------------------|------|
| Impact of a prolonged recovery and a funding gap | Mark Kenyon | Amber | Red (Q4) | No change | 4 |

| Progress update | The Council has updated 2023. The updated There is a signification of the funding and £24r. There is still signification in the continuous progresses. There is a continuous the continuo | Reputation impact assessment The Council has updated its Five-Year Financial Plan alongside the setting of the Revenue Budget 2023/24 in February 2023. The update reflects the outcomes of the Local Government Finance Settlement 2023/24. There is a significant commitment in the Council's 2022/23 Revenue Budget to provide an additional £29m of ongoing funding and £24m to support service pressures. There is still significant uncertainty in the economy and this was reflected when setting the budget with sums being set aside in the contingency pending final information regarding cost increases and pay awards as the financial year progresses. There is a continued reliance on the achievement of a programme of budget savings. The Autumn Statement 2022 announced additional funding to support social care | | | | | | | | | |

The Provisional Finance Settlement failed to provide a multi-year settlement which would have helped to support financial planning and financial sustainability.

The revenue and capital budgets for 2023/24 were agreed at Council on 15 February. These continue to be constrained by the availability of funding and continue to rely upon the use of reserves to manage the achievement of the required budget reductions.

2022-23 Q2 Update: Preparation for 2023-24 budget setting has started early with a Council-wide approach. Detailed work on budget savings has been completed over the summer. CMT Away Day scheduled for October 2022 to focus on budget preparation. Letter sent to Secretary of State with details of inflationary pressures faced by the Council.

2022-23 Q3 Update: Preparation for 2023-24 budget setting has started early with a Council-wide approach. Detailed work on budget savings has been completed over the summer/autumn, with cost pressures identified and further savings proposals established by departments. The Government's Autumn Statement announced addition funding for social care and the flexibility for local authorities to raise additional income from the Adult Social Care precept. The additional funding and the Council Tax flexibility will be available in both 2023-24 and 2024-25. A two-year financial settlement is expected; however, the 2024-25 allocations will be indicative at this stage.

2022-23 Q4 Update: The Revenue Outturn 2022-23 will be reported to Cabinet on 26 July 2023. Preparation is underway to review the approach to budget setting for 2024-25 with a focus on service priorities.

| Controls | Description | Status | Owner |
|----------|---|-------------------|-----------|
| | Five-Year Financial Plan is updated at least annually and following key Government announcements e.g. Spending Rounds. In addition to this, the Council's Financial Strategy has been revised and updated, and was approved by Cabinet on 9 September 2021. The Strategy sets out a framework in which the Council manages its financial resources. | In place/embedded | E Scriven |
| | Departmental budget reductions programmed developed together with a plan of lead-in times for consultation, where appropriate and the identification of workforce reductions. | In place/embedded | M Kenyon |

| Budget Management Strategy Group established to ensure a cohesive approach to the monitoring of departmental budget saving targets, associated consultation activity and budget setting procedures. Departmental representatives following agreed terms of reference are meeting at least monthly with an expectation that the frequency of meetings will be more regular during the budget setting period. In addition, the Capital Strategy Group oversee the capital bids process and monitoring of the capital programme. | In place/embedded | M Kenyon |
|--|---------------------------|------------|
| Budget Monitoring Policy ensures that there is regular reporting to SMTs and Members. The Director of Finance meets with Executive Directors and Cabinet Members to discuss the latest monitoring position. The position is reported to Cabinet and Council on a quarterly basis (effective from 1/4/2020) alongside departmental performance information. | In place/embedded | E Scriven |
| The Reserves Policy stipulates that the Council's level of reserves will be reviewed at least annually. This includes a projection of the General Reserve balance to ensure that is maintained at an adequate risk assessed level. | In place/embedded | E Scriven |
| Positive use of Better Care Fund and alignment of health and social care priorities for integrated working. | In progress/taking effect | H Coombes |
| Lobby Government in ensuring fair funding for Derbyshire. The Council responds to all key Government consultations in respect of the Funding Review which is currently ongoing. Consideration is being given to the establishment of countywide lobbying in association with district/borough/city councils, adopting a joined-up approach in respect of priority areas such as social care and homelessness. | In progress/taking effect | M Kenyon |
| Monitor the impact of the National Funding Formula for schools and closely monitor the implications of the High Needs Block level of funding ensuring compliance with the revised Government regulations. | In progress/taking effect | S Kerslake |

| The budget setting process for 2023/24 commenced in early Summer 2022 to ensure that the Council has early sight of the financial pressures faced in both short and medium-term. | In progress/taking effect | M Kenyon |
|--|---------------------------|----------|
| A £15m recovery fund has been established to support the Derbyshire economy and recovery from Covid-19. It is expected that the majority of the scheme will each provide significant benefit to the local economy with a smaller portion for internal recovery, with a further £14.000m made available from 2020/21 underspends. | In progress/taking effect | M Kenyon |

| Risk Description | Increase in demand on Council services | | | | | | | | | | |
|--------------------|--|--|---|----|--------------|------------------------------------|------|------------|---|------------|--|
| | As demand for services changes, the Council may need to adapt the services it currently offers to provide additional services. Failing to manage the changes could lead to core services being reduced leading to impact upon stakeholders and partnerships; potential litigation; fines; risk of injury or death. | | | | | | | | | | |

| Progress update | rescored from 2021- The Emergency Plan work programme. The this contains the contains the contains to be subforward. The Council's corpored to the contains the | assessment The risk description has changed from 'Failure to have adequate business continuity plans in place'. (Note: Assessmerescored from 2021-22 Q2 to reflect this change). The Emergency Plan and Business Continuity Plan are both due to be updated soon as part of the Emergency Planni work programme. The Universal Contact List that supports both documents has recently been updated in May 2022 this contains the contact information for key officers and stakeholders so that is up to date with any recent changes. A report is to be submitted to CMT to consider how the business continuity management process is carried out going | | | | | | | | Planning / 2022, anges. It going to enable |

The plan concentrates on services provided at County Hall headquarters, Chatsworth Hall, John Hadfield House and Shand House. and identifies priority functions which need to be maintained or restored in order to provide critical services.

Further work is being undertaken to look at services provided at other locations, partnership working and external suppliers.

There is an established annual programme of training and exercises to ensure staff understand what their roles and responsibilities are, test the effectiveness of the plan and assist with future development.

Following a Business Continuity exercise organised by Emergency Planning a revised priority functions spreadsheet for all service areas is in place. The document ensures that heads of service are actively considering and documenting their business continuity arrangements. The priority functions spreadsheet needs to be revisited throughout the year; the previous version was completed in Nov 2020.

Following the outbreak of the coronavirus, the Council has engaged in significant scenario planning across all departments to ensure that the Council is equipped to respond to ensure continuity of services on a priority basis.

Directorates providing key services should have up to date service area plans detailing how they will continue/or resume critical services. An audit of these needs to be undertaken to ensure that there are plans and that they are up to date.

The corporate business continuity priority functions spreadsheet needs to be revisited throughout the year; the previous version was completed in Nov 2020. The plan has been used during the response to Covid-19 however the plan has not been exercised since October 2019.

Concern has been raised as to whether directorates/service areas have in place local service area plans and/or how up to date they are, and the adequacy of these. A review of how business continuity planning is resourced needs to be undertaken to ensure that it is adequately resourced.

The revised scoring was proposed following a meeting with the Risk & Insurance Manager and Emergency Planning Manager.

|---|-------------------|-----------|
| Flood Risk Management Strategy and guidance notes - The flood risk management strategy sets out the Council's actions to help manage flood risk in Derbyshire. It also gives the role of our partners (such as district and borough councils, water companies, parish and town councils). The strategy is divided into 2 parts: • Part 1 provides information about flooding and flood risk - it covers who to call, and how local people can help themselves to become more resilient to the impacts of flooding. • Part 2 covers the more technical details of understanding flood risk in Derbyshire - it has an action plan about how we will manage future risks and get money to cover costs. | In place/embedded | J Gould |
| Flood Risk Asset Register - register of structures or features in Derbyshire which are considered to have a significant impact on flood risk and requires permission if any changes are to be made. Owners of assets and features on the asset register must maintain their assets and ensure that they are working fully. The Council has the power to enforce the owners of registered assets to carry out this duty. | In place/embedded | J Gould |

| | A guidance document has been produced to ensure departments are aware of their responsibilities to ensure management of business continuity is part of their contract management processes. This document is under review, followed by audit confirmation for general circulation. | Proposed/not yet approved | T Gerrard |
| | Proposed introduction of a standardised Contract Management Framework via a Central Management Professional Standards Team across the Council. Work on the Contract Management Framework has begun, using the lengthy guidance documentation (>200 pages) provided by the Cabinet Office. | In progress/taking effect | T Gerrard |
| | Identification of high value/high risk contracts including partnerships and partners which demand a higher level of contract management. The Contract Tiering Tool released by Cabinet Office has been agreed with risk and audit. Work is currently underway to classify and validate >300 retrospective contracts on the Contracts Register (above £25k). This will inform the Compliance Team of resource levels needed within Business Services for contract management. This work is now complete and embedded into BAU | In progress/taking effect | T Gerrard |
| | Understanding the flow of Council goods and services from our suppliers will help mitigate supply chain risk and identify any potential risk to supply and/or costs this should include the manufacturing, movement and storage of goods, right through to order fulfilment. This data should be captured and reported on centrally as part of robust contract/supply chain management. This will form part of the Contract Management Framework and be rolled out when appropriate. | In progress/taking effect | T Gerrard |

| Use of an external credit reference agency is proposed as part of contract management activity to check financial standing of providers during the life of the contract. The Council has a contract in place with Experian which is awaiting implementation. Credit checks will form part of the Contract Management Framework which is also recommended by Cabinet Office. | Proposed/not yet approved | T Gerrard |
|---|---------------------------|-----------|
| Contract & provider knowledge sharing with other councils via the East Midlands Heads of Procurement and the national Public Sector Procurement Working Group. Knowledge and plans are share with other authorities regarding Contract Management. County Procurement are already liaising with Cabinet Office for training that is available and funded by the GCF (Government Commercial Function). Worked with the LGA and Cabinet Office Commercial Function to establish free foundation and practitioner contract management training. The Contract Management Capability Programme is a public sector bespoke training programme that will train and accredit contract managers working in all government departments including local government. The available training has been publicised in Our Derbyshire and at CMT in March 22 since then 47 individuals from across the Council have completed the foundation training and 17 undertaking the Practitioner training. Further publicity of the training is now required to keep momentum going. | In progress/taking effect | T Gerrard |
| Reviewing and updating tender documentation and contracts to identify weaknesses which could contribute towards supply chain failure. No action has yet been taken regarding this risk and it is dependent on other controls and the roll out of the Contract Management Framework. | In progress/taking effect | T Gerrard |

| Ensuring Business Continuity Plans are reviewed and tested with providers during the life of the contract as part of robust contract management activity. Once the Business Continuity Plan has been confirmed for issue by Audit, the Business Services can test the plan(s). | In progress/taking effect | T Gerrard |
|--|---------------------------|-----------|
| County Procurement is an active member of the Council's Environmental Sustainability Group. As part of this Group proposals to embed sustainability into Procurement activities are being considered. The Social Value Portal organisation is being on-boarded to deliver sustainability as part of the Social Value framework. A Soft Market Testing exercise is also being undertaken to identify a sustainability partner. The Council's Sustainable Procurement Policy has been approved and published. A social value partner provider has been identified and implemented into procurement systems. A 12mth Pilot period has been agreed and projects are in delivery – to date £900K of social, environmental and economic value commitments have been made as part of contract awards. | In progress/taking effect | T Gerrard |

Procurement for services post 2 October 2022, when the Service Continuity Contract expires is almost complete, contracts to be awarded in July 2022. A Work Plan of key actions is in place, resources allocated and are subject to regular review.

2022-23 Q2 Update: No change to the risk this quarter.

2022-23 Q3 Update: No change to the risk this quarter.

2022-23 Q4 Update: A Full Business Case (FBC) for two options (rectification and operation, and closure) has been completed and a recommendation to undertake rectification of the NWTF has been approved by both Derbyshire and Derby City Cabinets. Pre-procurement preparation and soft market testing will take place between now and July/August ahead of a 12-month formal procurement process. Heads of Terms for a new Inter Authority Agreement have been agreed with the full documentation due to be completed, signed, and sealed in the first week of April 2023. Completion of the IAA is an important mitigation against exposure to counterparty risk.

| Risk Description | Adapting to climate change The Council and County faces a challenge in relation to an increase in extreme weather patterns including increased rainfall, drought, heatwaves and unseasonal weather. This will result in risks of increased frequency of flooding; damage to infrastructure; risk to health, well-being and productivity; water and energy shortages; risks to natural capital; interruption of food production and trade; new and emerging pests, diseases and plant and animal species. Climate change around the world is likely to result in mass migration of people. | | | | | | | | |

document being used to help inform the risks and opportunities facing the Council and the wider county. A project proposal for assessing the risks facing Council Services has also been developed and shared with CMT, the Corporate Risk Management Group (CRMG) and the Council's Governance Board, with project delivery now commenced and continuing in 2022-23.

The project is being delivered through the following steps, the first of which has now commenced:

- 1. Engagement with each departmental management team to provide an overview of the area of work and confirm next steps for departmental engagement (July August 2022).
- 2. Meetings/workshops held with relevant officers from each department to review the risks and adaptation actions highlighted in the 2013 Derbyshire Climate Change Adaptation Plan, and to establish the key current risks, how they will change in likelihood and/or severity due to climate change and set out the actions that need to be taken to adapt and build resilience to the risks. Opportunities are also to be explored (September November 2022).
- 3. Risk analysis presented back to the CRMG for comment and implementation guidance (December 2022).
- 4. Agreed climate change risks and adaptation measures to be incorporated into the Corporate Risk Register, Departmental Risk Registers and Service Plans, as appropriate (January February 2023).
- 5. Appropriate monitoring and evaluation plan(s) established, including for where partnership working is required (January February 2023).

To fully understand the risks, and to align with the latest UK Government Climate Change Risk Assessment (UKCCRA3), the Local Partnerships Adaptation Toolkit for Local Authorities will be used to help structure the process of assessing current and future climate vulnerability, establishing appropriate responses, and developing monitoring and evaluation processes. Project delivery will be monitored by the Council's Climate Change and Environment Programme Board (CCEPB).

The project will focus on Council services and functions. There is also a need for a better understanding of wider county and regional risks, opportunities and priority areas of action to be established, particularly around impacts on communities, businesses and the natural environment. Opportunities for a collaborative county-wide or regional study are being explored with the Environment Agency and through Vision Derbyshire, and the East Midlands Local Authority Climate Network. This collaborative approach would accelerate action in areas where cross border working is needed

to build county-wide and regional resilience whilst allowing individual authorities to also manage their own authority and service-level risk assessments and action plans.

2022-23 Q2 Update: Work on assessing climate change risks and opportunities is now underway being led by the Climate Change Team with delivery in each Department. Engagement was carried out with each Departmental Management Team during July and August 2022 to provide an overview of the area of work and identify next steps for departmental engagement. Following this, workshops have been arranged with nominated representatives from each department (for Sept-Dec 2022) to establish the key current risks, how they will change in likelihood and/or severity due to climate change and set out the priority actions that need to be taken to adapt and build resilience to the risks. The findings from these workshops will be presented back to the Corporate Risk Management Group for comment and implementation guidance (December 2022). Identified and prioritised climate change risks and adaptation measures to be incorporated into Corporate Risk Registers and Service Plans, as appropriate, and implemented accordingly (January – February 2023).

2022-23 Q3 Update: Following engagement with each Departmental Management Team during Q2 to provide an overview of the area of work and identify next steps for departmental engagement, workshops have been held during Q3 with nominated representatives from Place, Corporate Services and Transformation and Adult Social Care and Health to establish the key current risks, how they will change in likelihood and/or severity due to climate change and set out the priority actions that need to be taken to adapt and build resilience to the risks. A focused session has also been held with Public Health. Further workshops are to be held with Children's Services in early Q4 (January 2023) to complete the engagement activities. The findings from these workshops are to be presented back to the Corporate Risk Management Group initially for comment and implementation guidance during Q4, with identified and prioritised climate change risks and adaptation measures be incorporated into the Strategic Risk Register, Departmental Risk Registers, Business Continuity Plans and Service Plans, as appropriate, and then implemented and monitored accordingly. The project is focussing on Council services and functions. Opportunities for a collaborative county-wide or regional study are also being explored through Vision Derbyshire, the D2 Energy Action Group, the East Midlands Local Authority Climate Network. This collaborative approach, hoped to be confirmed by the end of Q4, will accelerate action in areas where cross border working is needed to build county-wide and regional resilience, whilst allowing individual authorities to still hold and manage their own service-level risk assessments and action plans.

2022-23 Q4 Update: Final workshops and meetings have been held during Q4 with nominated representatives from all Departments to establish the key current risks, how they will change in likelihood and/or severity due to climate change and set out the priority actions that need to be taken to adapt and build resilience to the risks. A report is being

| | developed during Q4 to provide an overview of the findings and to make recommendations for further steps that the Council should take corporately, departmentally and at a service level to improve resilience and adapt to the risks and opportunities. This will be presented to the Corporate Risk Management Group initially for comment and implementation guidance during Q1 of 2023-24. The Council's Natural Capital Strategy has been completed (February 2023) which identifies the impacts of climate change on the county's natural capital and the ecosystem services this provides to society. This strategy will be a key reference point in informing the Council's actions to mitigate the impacts of climate change. | | | | | | | |

The QA Board initially reported updates on activity and required action to the ASC Portfolio Holder verbally and has been providing written reports to the ASC Portfolio Holder and Executive Director on a quarterly basis from October 2021 onwards.

In specific relation to the directly provided services such as residential care, homecare and day care activity there is also a Quality Improvement Board (QIB) which has now been established for some eighteen months or more. This Board is chaired by an Assistant Director and involves Group Managers across the department. The Board ensures that the quality and improvement of all directly provided services is the responsibility of the whole department and that the QA strategy is being implemented.

The work of this Board is focused into the same six key work streams, and feeds directly into, the Quality Assurance Board that Board.

ASC was impacted by the new Covid variant during January – March 2022 re-establishing emergency planning mitigated this risk.

2022-23 Q2 Update: Adult Social Care have now developed a prioritisation tool for the Prevention and Personalisation teams. This is being rolled out across the department and will provide further assurance.

2022-23 Q3 Update: No change from Q2.

2022-23 Q4 Update: Prioritisation tool has been implemented across the department in March 2023; Trusted Assessor & Reviewer Pilot funding agreed through ICS, initiation phase to begin Q1 2023-24; Self-assessment and self-review first phase to be implemented June 2023. Safeguarding Audit Tool implemented February 2023 and first data release currently being reviewed.

footpaths) and Countryside Service assets (including waterbodies), because of their number and nature are considered a strategic risk).

A Corporate Property Asset Management Framework is in place that includes Place. Working with Property Services, Service Asset Management Plans are being developed. Representatives from Place, Property and Corporate Finance are seeking to develop a holistic strategy and approach to how individual plans, processes and procedures will fit together to form the Council's joined up approach.

The Capital Strategy for 2022-22 provides a high-level overview of how capital expenditure and capital financing contribute to the provision of local public services.

As the risks and mitigations vary significantly across the 3 divisions, and within each division, the scores for each division on the new template will reflect therefore a more realistic risk rating. The Highways and Flooding score has remained GREEN, as above for Quarter 1.

Highways and Flooding:

This risk was reviewed within the development of the FHM and Highways Capital Programmes leading to a change in assessment from 2021-22 Q3. From 2022-23 Q1, the maintenance of all Place assets will be scoped and disaggregated into divisional areas to ensure that the risks are appropriately managed with mitigation measures and risk owners clearly identified.

The current risk was updated to reflect a more accurate risk description, moving away from the potential consequence led narrative; with failure to maintain our assets leading to potential significant fines, significant litigation, decreased staff morale, reputational damage and HSE investigation. Evaluating the current risk and mitigations in place against the risk has led to this risk moving from Red to Green.

Derbyshire's approach to Highways Asset Management is set out in the 2016 Code of Practice for Well-Managed Highway Infrastructure.

These required local authorities to adopt a risk based, integrated asset management approach to maintaining highway infrastructure by October 2018. These approaches are supported by the new funding models for local authority highway maintenance.

2022-23 Q2 Update: No change to the risk this quarter. Amber (8).

2022-23 Q3 Update: 'Derbyshire Highways Transformation programme is in place that will ultimately maintain the Highways assets and mitigate against risks associated with not maintaining the assets. The programme will be delivered and implemented by 1 April 2025. The Highways Capital Programme is well on track this year, again investing in the Highways assets. Target: Green (6) by 1 April 2024; Current: Amber (8).

2022-23 Q4 Update: Derbyshire Highways Transformation programme is in place that will ultimately maintain the Highways assets and mitigate against risks associated with not maintaining the assets. The programme will be delivered and implemented by 1.4.2025. The Highways Capital Programme is well on track this year, again investing in the Highways assets.

Environment & Transport

Using the new divisional approach to risk it has been identified that failure to maintain assets is a key risk particularly for Countryside and Waste Services. More detailed work is required but initially evaluating the current risk and mitigations in place against the risk has resulted in this risk being scored a red.

Heads of Service are responsible for ensuring asset management systems and inspection regimes are in place in accordance with statutory duties and good practice in the relevant field. Details are contained in various policies and procedural documents held within service areas; however further substantive work is required to put asset regimes in place for all assets.

The Countryside Service has in excess of 121 assets ranging from 4,478 acres of land including Sites of Special Scientific Interest (SSSIs), reservoirs, canals, Greenways and physical structures. A key area of focus is the management of Waterbodies. The Waste Management Service has 9 Household Waste Recycling Centres (HWRCs) and a waste transfer station.

Particular areas of focus remain the development of asset management regimes for waterbodies notably reservoirs and canals; structures (e.g. bridges) and HWRCs.

2022-23 Q2 Update: Continuing to work with VERTAS and Property on the grounds maintenance contracts for sites. Work on the management of assets is on-going with an assets risk register now in place for Countryside Structures.

Capital bids submitted for inspections for emergency repairs for Principal bridge inspections and preventative maintenance. Red (12).

2022-23 Q3 Update: New Countryside Service Business Plan has been approved. This includes priority work to review the Countryside portfolio of sites to determine their grounds maintenance and capital programme requirements. A key factor is ensuring the sites and their infrastructure (including waterbodies) meet health and safety requirements. The capital bid referenced in the Q2 update have been unsuccessful and discussions with the Highways Team regarding alternative funding are expected to take place in Q4. Work to develop canal Asset Management Plans has commenced. Target: Green (4) by tba; Current: Red (12).

2022-23 Q4 Update: Work during Q4 has focused on ensuring Matters in the Interests of Safety are addressed at Osbornes Pond, Shipley Country Park - these works are scheduled to be completed by 14 April 2023. There remains a need to establish an inventory and asset management programme for the infrastructure on the Council's Countryside Sites, initial work has been undertaken to collate data, work is now underway to transpose that into the Asset Management System (AMX) maintained by Highways. A briefing note for Place DMT will be prepared to outline the key issues and propose solutions / next steps / resource implications.

Economy & Regeneration

Using the new divisional approach to risk it has been identified that the condition of Buxton Museum poses the greatest asset-related risk in terms of staff and visitor safety and ability to maintain service delivery. This issue has been shared between Corporate Property and the Libraries and Museums Service and is being managed as departmental risk wider issues, including the general condition of library buildings, are being picked up through regular dialogue with Property colleagues.

2022-23 Q2 Update: Corporate Property are costing treatment and repairs to the building. If they decide not to fund the works, alternative proposals for the museum will need to be developed. Amber (10).

2022-23 Q3 Update: Corporate Property is investigating options for relocating the museum. Target: Blue (2) by tba; Current: Red (12).

2022-23 Q4 Update: An Expression of Interest for the ACE MEND funding is being submitted in April.

| | Data Protection Officer is in post with deputy DPOs in place to provide support and appropriate cover. | In place/embedded | J Lakin |
| | A range of qualified and experienced officers are in post across the major functions. Professional officers are required to maintain CPD. Relevant training and development opportunities are also provided. | In place/embedded | Individual service areas |

| Senior officers are members of local and national networks and forums to support, share best practice and information, including Derbyshire Monitoring Officers Group, Lawyers in Local Government, EM Lawshare, Derbyshire Finance Officers Association, Society of County Treasurers, Midlands Highway Alliance, engagement with DfE and Ofsted, Local Family Justice Board, East Midlands improvement alliance led by Directors of Children's Services etc. | In place/embedded | Individual service areas |
|--|-------------------|-----------------------------|
| Annual membership of relevant professional bodies for example: Association of Public Service Excellence (APSE), Chartered Institute of Public Finance and Accountancy (CIPFA), LGComms for Communications and CCMA for Customer Service, Association of Directors of Children's Services that ensures officers are alerted to changes in legislation. | In place/embedded | Individual service areas |
| Officers subscribe to relevant professional updates and bulletins for information about changes in legislation, including CIPFA Finance Advisory Network, Public Sector Tax, Practical Law, Local Government Lawyer, LGA, LGiU. | In place/embedded | Individual service areas |
| External and internal audits/quality assurance are conducted on a variety of services in relation to quality, environmental, information governance and health and safety. | In place/embedded | Individual service areas |
| External advisers and consultants with specialised knowledge and experience in particular fields of expertise are used as required. | In place/embedded | Individual service areas |
| Complaints to the Local Government and Social Care Ombudsman are dealt with by a competent and legally qualified solicitor, who is able to identify trends and areas of non-compliance with legislation. Robust improvement plans can then be developed with strong governance arrangements to address areas of weaker or poor practice and ensure legislative compliance. | In place/embedded | H Barrington/ P Peat |

| | 1 | |
|---|---------------------------|--------------|
| Claims against the Council are assessed on a case by case basis to establish whether the claim has arisen due to failure to comply with legislation. Data shows that there is good understanding of legislation and overall compliance with it. The prospects of success of defending claims are predominantly reduced as a result of insufficient record keeping to evidence compliance. | In place/embedded | H Barrington |
| Complaints are currently processed within departments without corporate oversight and comprehensive records. This is in the process of delivery change to support central monitoring and oversight that will enable trends to be identified and addressed. The new feedback / complaints system continues to be rolled out to all departments and the model for reporting and process improvements is being worked on. | In progress/taking effect | C Burton |
| During 2022-23, work has continued to progress to migrate Children's Services complaints and feedback from the existing system over to Granicus in line with the agreed roadmap and in readiness for a January 2024 'go live'. Place and Adult Social Care have agreed to implement this system and are on the road map for delivery during late 2023 or early 2024. However, there is still a considerable amount of work to be undertaken for each service area before we will be in a position to extract meaningful data around complaints and compliments. This work is presently under review in terms of feasibility, timescales and ICT prioritisation. | | |
| The Assistant Director Communications and Customers will continue to bring regular complaints reports and an update on progress to Corporate Management Team and Governance Ethics and Standards Committee. | | |
| Legal Services subscribe to Legal Resources as a reference source when giving legal advice to the Council, however this is predominantly hard copy | In place/embedded | H Barrington |

| specialist encyclopaedias. It subscribes to one online package PLC, which covers certain areas of law but not others. Free online resources are available and made use of such as Legislation.gov.uk. Hard copy resources are updated to incorporate new legislation, however there is inevitably a delay in legislative changes taking effect and being published in hard copy form. In addition, as council officers continue to work flexibly, access to hard copy materials is limited. There is a significant risk that officers may inadvertently give incorrect advice due to lack of access to up to date and accurate legal resources. | | |
|--|---------------------------|--------------|
| A move to online resources and procurement of an additional package would ensure that legislative reference materials are updated almost instantaneously and available remotely. Industry standard resources also include 'alert' functions to ensure officers are aware of legislative changes in their specialist areas. This would ensure that lawyers have access to the most up to date legislation and case law when giving general advice or specifically on decision reports. It also provides an opportunity for lawyers to notify client departments of changes in legislation they may not be aware of. During 2022-23 significant progress has been made to identify appropriate resources and approval has been given to procure a new provider. The online resource | In progress/taking effect | H Barrington |
| will go live in quarter 1 2023-24, at which stage the risk rating will reduce. The lack of a dedicated VAT Officer has the risk of penalties from HMRC in the event of a VAT breach. However, a recent HMRC inspection did not highlight any significant weaknesses in the Council's processes. The Council continues to utilise external VAT advice when it is appropriate to do so. To complete by 31/03/2023. | In progress/taking effect | P Stone |
| Opportunity to develop robust relationship with the external auditors who highlight statutory/legislative changes to officers early so that they can be addressed. To complete by 31/03/2024. | Proposed/not yet approved | P Stone |

| Progress update | | ork has taken place to further develop the whole council strategic transformation case identified as a key priority to ive forward Phase 2 of the Council's Enterprising Council approach. The initial work has focused on developing a | | | | | | | | | | |

whole council view of change activity across the organisation which will support the identification of priority programmes of work and the targeting of resources.

A new centralised programme management office is currently in the process of being developed and this will ensure that the council develops a consistent approach to project/programme management and business planning across the organisation. The initial work has focussed on reviewing the existing change and transformation projects and programmes taking place across the Council. The PMO will also be responsible for ensuring the Council has the necessary skills, capacity and capability to deliver identify change.

A new Assistant Director – Business Change has been appointed for twelve months creating additional capacity to support the effective implementation of the strategic transformation case and the PMO.

Employee engagement and wellbeing is central to the development of the Council's people strategy with an employee engagement cycle now in place and a number of employee wellbeing initiatives having been implemented (i.e. employee assistance programme, Thrive app).

A cycle of regular pulse surveys and local team action planning has been implemented which will complement the Council's wider approach to engagement (Listen and Engage, Shape and Respond).

The approach to engaging leaders has been reviewed and the Shaping the Future forum was launched on 27th April 2022. Feedback also suggested the need to be clear about how we, engage, develop and inform leaders and a wider framework has been developed to support this.

The council continues to progress and review its wellbeing strategy actions plans, focused on people, data and systems to ensure the strategy is successfully embedded. The wellbeing strategy is being reviewed by end March 2022 to ensure it remains fit for purpose.

- Early Help & Safeguarding plans established
- Direct Care plans established
- All directorates in Place plans in development with the Directors
- Legal and Democratic Services / Finance & ICT limited progress due to immediate challenges in supporting Place.

The key elements of the support offered by HR being:

- Provide core metrics, reviewed on a quarterly basis
- Capture issues identified from the data, current known issues, priorities identified within the People Plan
- Agree the priorities of the service to prioritise the plan
- Work with the matrix HR teams to agree leads for the actions in the plan
- Identify action leads to propose priorities and delivery timescale
- Quarterly updates to the service on progress, priorities and review of the core metrics to analyse trends
- Workforce planning support and approach should be adaptive to the need of the service and to fluctuating priorities

Workforce planning remains a manager and departmental responsibility and we have seen good engagement from services to date. Further rollout of the approach will be considered with departments.

Learning and Development plans are key to delivering effective workforce planning with plans in place aligned to the Learning and Development Strategy to address key areas.

|-------|---|
| 5 | ALMOST CERTAIN: The event is expected to occur or occurs regularly (monthly, quarterly or biannual) |
| 4 | PROBABLE: The event will probably occur (annually) |
| 3 | POSSIBLE: The event may occur (1 incident in 2 years) |
| 2 | UNLIKELY: The event could occur (1 incident in 5 years) |
| 1 | RARE: The event may occur in certain extreme circumstances (1 Incident in 10 years or above) |

Impact assessment criteria by risk category

| | | | | Risk C | Categories (highes | t scoring categor | y used for overall | score) | | |
|-------|----------------------|-----------------------------------|---|---|---------------------------------|---|---|--|---|---|
| Scale | Scale Description | Financial | Reputational | Physical Injury/Health and Safety | Environmental Damage | Service/ Operational Disruption/ Key Targets/ Objectives | Statutory Duties/ legal Implications | Partnership Implications | Information Governance | Stakeholder Implications |
| 5 | Very High | >£25,000,000 | Lasting or permanent brand damage resulting from adverse comments in national press and media. Members/Officer s forced to resign | Death or severe life-changing injuries | Major national or international | Severe disruption/loss of service more than 7 days | Multiple Litigation | Complete failure / breakdown of partnership | Significant breach, extensive national press, ICO fines, loss of ISO 27001 certification | Stakeholders would be unable to pursue their rights and entitlement and may face life threatening consequences |
| 4 | High | £10,000,000 to <£25,000,000 | Temporary brand damage from coverage in national press/media | Extensive or multiple injuries/ Incidents reportable to HSE | Major local impact | Disruption/Loss of service less than 7 days | Litigation | Significant impact on partnership or most of expected benefits fail | Larger breach, no sensitive data loss local press coverage Or Minor breach, sensitive data loss local press coverage | Stakeholders would experience considerable difficulty in pursuing rights and entitlements |
| 3 | Medium | £5,000,000 to <£10,000,000 | Extensive coverage in regional press/radio/TV/s ocial media | Serious injuries/ incidents reportable to HSE | Moderate locally | Disruption/Loss of service less than 48 hours | Ombudsman | Adverse effect on partnering arrangements | Larger breach, no sensitive data loss and internally controlled Or Minor breach, sensitive data loss internally controlled | Some minor effects on the ability of stakeholders to pursue rights and entitlements, e.g. other sources or avenues would not be available to stakeholders |
| 2 | Low | £2,5000,000 to <£5,000,000 | Minor adverse comments in regional press/social media | Minor (i.e. first aid treatment)/ No time lost from work | Minor locally | Internal disruption only, no loss of service | Individual Claims | Minimal Impact on Partnership | Individual breach no loss of sensitive data | Minimal impact without needing to look at other sources or avenues |
| 1 | Negligible | <£2,500,000 | Minimal adverse comments with minimal press/social media | None | None/ Insignificant | No loss of service | No impact | No Impact | No impact | No impact |

Corporate risk scoring tables (from September 2021)

Source: Derbyshire County Council Corporate Risk Management Strategy 2021-25 (v3.1)

Risk severity matrix

| | Extremely high | 4 | Green (4) | Amber (8) | Red (12) | Red (16) | Red (20) | | |
|-----------------|----------------|---|------------------|--------------|--------------|--------------|-------------------|--|--|
| | High | 3 | Green (3) | Green (6) | Amber (9) | Red (12) | Red (15) | | |
| Impact Score | Moderate | 2 | Blue (2) | Green (4) | Green (6) | Amber (8) | Amber (10) | | |
| | Low | 1 | Blue (1) | Blue (2) | Green (3) | Green (4) | Green (5) | | |
| | None | 0 | Blue (0) | Blue (0) | Blue (0) | Blue (0) | Blue (0) | | |
| | | | 1 | 2 | 3 | 4 | 5 | | |
| | | | | Unlikely | Possible | Probable | Almost certain | | |
| | | | Likelihood Score | | | | | | |

Likelihood scoring

| 5 | Almost certain | The event is expected to occur every year |
|---|----------------|--|
| 4 | Probable | The event could occur every year |
| 3 | Possible | The event could occur every two years |
| 2 | Unlikely | The event could occur every five years |
| 1 | Rare | The event could occur every 10 years or longer |

Impact scoring

The highest scoring area (the 'primary impact') used to assess risk severity.

| | Impact grading | Public and employee health, safety and wellbeing | Community | Economy | Environment | Service Disruption | Skills capability | Legal | Contracts and Partnerships | Information Security |
|---|-------------------|--|--|--|--|--|---|--|--|--|
| 4 | Extremely high | Substantial level of harm to the health, safety and wellbeing of the community, members of the public or employees | Substantial disadvantage to large parts of the community and/or many vulnerable residents | Substantial negative impact on the County's economy, including hard infrastructure | International and/or national environmental damage | Substantial external or internal disruption and/or loss of service (more than seven days) | Substantial under- performance from skills gaps and/or shortages | Substantial legal action, claims and/or and penalties against or by the Council | Substantial impact on service delivery from a contract and/or partnership failure | Substantial breach; Information Commissioner Office (ICO) fine; loss of ISO 27001 certification |
| 3 | High | Significant level of harm to the health, safety and wellbeing of the community, members of the public or employees | Significant disadvantage to large parts of the community and/or some vulnerable residents | Significant negative impact on the County's economy, including hard infrastructure | Significant regional environmental damage and/or failure to meet all or most internal climate change targets | Significant external or internal disruption and/or loss of service (between three to seven days) | Significant under- performance from skills gaps and/or shortages | Significant legal action, claims and/or penalties against or by the Council | Significant impact on service delivery from a contract and/or partnership failure | Significant external breach with no loss of sensitive data; or minor external breach with loss of sensitive data |

| | Impact grading | Public and employee health, safety and wellbeing | Community | Economy | Environment | Service Disruption | Skills capability | Legal | Contracts and Partnerships | Information Security |
|---|-------------------|--|---|---|---|---|--|---|---|--|
| 2 | Moderate | Moderate level of harm to the health, safety and wellbeing of the community, members of the public or employees | Moderate disadvantage to large parts of the community and/or some vulnerable residents | Moderate negative impact on the County's economy, including hard infrastructure | Moderate regional and/or major local environmental damage and/or failure to meet many internal climate change targets | Moderate external or internal disruption and/or loss of service (between 24 to 48 hours) | Moderate under- performance from skills gaps and/or shortages | Moderate legal action, claims and/or penalties against or by the Council | Moderate impact on service delivery from a contract and/or partnership failure | Significant internal breach with no loss of sensitive data; or minor internal breach with loss of sensitive data |
| 1 | Low | Minimal level of harm to the health, safety and wellbeing of the community, members of the public or employees | Minimal disadvantage to the community and/or some vulnerable residents | Minimal negative impact on the County's economy, including hard infrastructure | Minimal regional and/or local environmental damage and/or failure to meet some internal climate change targets | Minimal external or internal disruption and/or loss of service (less than 24 hours) | Minimal under- performance from skills gaps and/or shortages | Minimal legal action, claims and/or penalties against or by the Council | Minimal impact on service delivery from a contract and/or partnership failure | Minor external or internal breach with no loss of sensitive data |
| 0 | None | No impact | No impact | No impact | No impact | No impact | No impact | No impact | No impact | No impact |

Reputation impact assessment

| Extremely High | Lasting or permanent national/local brand damage resulting from adverse comments in national press and media. Members/Officers almost certainly forced to resign. |
|----------------|---|
| High | Temporary national/local brand damage lasting up to two years from coverage in national and/or regional press/media. Members/Officers potentially forced to resign. |
| Moderate | Temporary local brand damage lasting up to one year from extensive coverage in regional press/ media. |
| Low | Temporary local brand damage lasting up to a few weeks from minor adverse comments in regional press/social media. |
| Extremely Low | Negligible local brand damage from limited adverse comments with minimal press/social media. |

Financial impact assessment

Each risk is assessed for the potential range of capital and/or revenue loss to the Council if the risk materialised.

| Band 8 | Loss over £20 million |
|--------|--|
| Band 7 | Loss between £10 million and £20 million |
| Band 6 | Loss between £5 million and £10 million |
| Band 5 | Loss between £3 million and £5 million |
| Band 4 | Loss between £1 million and £3 million |

| Band 3 | Loss between £100,000 and £1 million |
|--------|--------------------------------------|
| Band 2 | Loss between £50,000 and £100,000 |
| Band 1 | Loss under £50,000 |
| Band 0 | No financial loss |
