25/23 PUBLIC QUESTION

Question received from Mr Ingham:

I note within Appendix 2 (Measuring Success) of the Health and Wellbeing Round Up Report that Derbyshire is ranked the worst for unemployment albeit there is no CIPFA range or percentage rate stated for Derbyshire. It also appears that in the previous two reports, Derbyshire was reported in

exactly the same way despite the absence of comparator ranges. I'm not therefore sure why Derbyshire has received this rating.

However, unemployment/employment levels, whatever they are in Derbyshire, can be influenced by carer responsibilities, I'm concerned when cross referencing to learn of the significant changes to the reported position concerning adult carers with enough social contact in 2021/22 - post pandemic. Derbyshire now ranks most worst. What has led to this worrying change (dropping from rank order 8 in 2018/19 to worst) and what steps are being undertaken to support adult carers accordingly and address any related mental health/wellbeing concerns?

Response provided by Councillor Hart:

Firstly, the data regarding unemployment in Derbyshire and the CIPFA neighbours has been removed from the OHID website for this indicator, therefore there is no data showing on the report. When no data is available, the CIPFA ranking defaults to 1 (worst). This indicator will be removed from the dataset for the next report.

Secondly, the 2020/21 Survey of Adult Carers in England (SACE) was not conducted in the post pandemic period, but took place in autumn 2021, when Coronavirus measures including face masks, mandatory NHS Covid passes (for specific settings) and an accelerated vaccination programme were in place.

Carers are more likely than the general population, to report loneliness and evidence suggests social contact reduces as the number of hours spent caring increases. There has been a local increase between 2011 and 2021 in the number of carers providing over 50 hours of care per week, with 47.4% of those responding to the 2021 SACE citing they provide 100 hours a week or more of care and it is this group who are more likely to feel socially isolated and unable to leave the house as a result. There are a range of steps being undertaken to support adult carer which include:

- Derbyshire Health and Social Care invests £2.1m per year, in supporting unpaid family carers, through commissioned carer support, carer personal budgets, emergency planning and support for the person depending on care, to enable carer breaks
- The commissioned carer's service creates a wide range of social opportunities for carers to connect with others e.g., befriending, physical activities, themed sessions, training and learning and help for carers to become digitally connected, etc.
- Adult Social Care provides support and opportunities, to facilitate carer breaks, so that carers have the support they need to keep up connections
- Many carers do not understand the services available to them, what they are entitled to and how to access support. The Council has a comms

strategy for carers, which sets out to increase the number of those identifying as a carer, raise the profile of carer support, increase general awareness of caring in our communities and help make life less lonely for carers

- Healthy Workplaces are providing dedicated information and training resources to supporting small businesses to effectively support carers in the workforce
- There are many universal health and wellbeing services available, that carers can access, e.g., TimeSwap, together with mental health and emotional wellbeing provision
- The Carers Strategy 2020- 2025 sets out the system wide, strategic priorities that require collective responsibility in delivering effective carer support

26/23 JOINT STRATEGIC NEEDS ASSESSMENT

33/23 RATIFICATION OF DECISION TO SUPPORT THE JOINED UP CARE DERBYSHIRE JOINT FORWARD PLAN

The Health and Wellbeing Board were provided with an update on the ratification of the decision to support the Derby and Derbyshire NHS Joint Forward Plan.

The Derby and Derbyshire NHS Joint Forward Plan had been signed off in June and circulated for comment, no comments had been received. Councillor Hart had written a letter of support, and this had been sent to Zara Jones at the NHS Derby and Derbyshire Integrated Care Board. Councillor Hart had received a response in respect to the comments made in the letter. Following this, the Derby and Derbyshire NHS Joint Forward Plan had now been published.

34/23 CARE EXPERIENCED YOUNG PEOPLE UPDATE

The Health and Wellbeing Board were provided with a presentation in relation to care experienced young people. The purpose of the presentation was to inform the board about the importance of free prescriptions for non-eligible Care Experienced Young People following concern from Derbyshire's Corporate Parenting Board.

The Board provided advice for officers regarding next steps and would consider including this cohort into the Health and Wellbeing Strategy refresh and bring it back to the Board.

35/23 ANY OTHER BUSINESS

There was no other business.
