

A short guide to the D2 Strategic Leadership Board (D2SLB)

a) Aims and ambitions – what is it; and why should my council join?

D2SLB is exactly as its name implies, a **leadership board**, bringing together Derby and Derbyshire's ten councils to lead and direct existing and new partnership agendas and activity:

- Providing collective **leadership for Derby and Derbyshire**, ensuring our authorities speak with a single, shared voice at the county, regional and national level;
- Collaborating as partners to develop **joined-up approaches** to the complex, connected and challenging agendas where our councils share common interests; and
- Progressing **shared ambitions** for the people and places of Derbyshire, making decisions together to improve services and co-ordinate resources better and more sustainably.

All local authorities within Derby and Derbyshire are invited to join D2SLB as constituent members and to play a full part in co-ordinating and driving agendas where it is recognised and agreed that more can be achieved for all our localities, and for Derbyshire as a whole, by our councils **working together**.

Those agendas will incorporate the remits of the dissolved D2 Economic Prosperity and Vision Derbyshire Joint Committees – including, **'place', regeneration, broader economic development, business and skills, and transport**, and strengthening the focus of wider agendas including **climate and the environment, and health and wellbeing**.

Legally, the Strategic Leadership Board will be constituted as a **'Joint Committee'**. This means that, with decision making powers delegated to it by its constituent member councils, the Board will be empowered to jointly discharge and to exercise functions on their behalf within its agreed remit. (A Joint Committee is one comprising two or more councils established for the joint discharge of any functions of those councils in accordance with the Local Government Act 1972, s101.)

A further consideration behind the proposed Strategic Leadership Board is the possible establishment of a Combined County Authority for the East Midlands, which will bring new opportunities to improve outcomes for people and places throughout Derbyshire. In the event the CCA is established, it makes sense for D2 councils to come together to manage their interface with the new authority

which is envisaged as having a key role in determining agendas, such an investment programme and adult education strategy for the East Midlands region. All Derby and Derbyshire's councils will have a stake in these agendas and shaping these effectively will be made more possible by doing so together.

b) Functions – what will it do; what is my Council agreeing to, getting from it; and giving up?

The D2 Strategic Leadership Board is intended to:

- achieve joined up approaches within and between **shared policy and service delivery agendas**, in the first instance, place, growth, regeneration and economic development – including business support, inward investment, skills and transport;
- rationalise and **simplify existing partnership and governance arrangements** related to these areas (with agreement that the work of existing County level committees (including the Vision Derbyshire Committee, the D2 Economic Prosperity Committee together with the proposed D2 Growth Board will be superseded by a single Derbyshire-wide partnership arrangement); and
- provide a possible forum for collaborative activity between councils in Derbyshire on matters relating to the anticipated new **Combined County Authority**, to generate and secure collective influence, especially concerning investment and growth strategies.

By joining, Derby and Derbyshire's councils are, first, signalling their intention to work together in the provision of improved services for Derby and Derbyshire's residents and the general betterment of the city and county; and secondly, councils are enabling the Strategic Leadership Board to act as the responsible decision-making body for such functions as those identified above that are conferred upon it by participating councils.

The County's local authorities have, therefore, nothing to lose and everything to gain from membership of the Strategic Leadership Board. The hope is that their active commitment and participation will allow the Board to mature into a truly authoritative, representative and collaborative partnership of all Derbyshire councils – while duly acknowledging the sovereignty of participating councils and recognising that each will have separate as well as shared interests in partnership working. This includes a choice about whether or not to participate in specific agendas (or indeed whether or not to participate at all).

c) Arrangements – how it will work in practice; how is my Council assured of getting a say?

Within the remit conferred upon it by participating Councils, it will be for the Board itself to determine its agenda and priorities, forward programme of activities together with the frequency of its meetings and working methods.

In doing so, the Board's guiding principles will be:

- Strong collective leadership which seeks to deliver better local outcomes and more joined-up public services
- Clear, transparent and accountable decision-making which will ensure best value for taxpayers' money and maintain strong ethical standards
- An inclusive model of governance reflecting the geographical footprint of Derbyshire
- Flexibility to work across organisational boundaries to deal with strategic and emergent challenges whilst maintaining local control; and last but not least
- Decision making by consensus.

Membership of the Board will comprise councillors from participating councils who will each be enabled to **appoint one Elected Member and one substitute**.

Although it is assumed that Councils joining the Strategic Leadership Board will wish to delegate responsibilities for collective decision making in respect of agreed agendas identified above, whether or not Councils choose to do so is entirely a matter for them. Membership and participation by all Derbyshire's councils is welcome, including by councils who choose not to confer responsibilities in the way that is envisaged and who instead choose to retain full, separate local control.

While the Board is envisaged as reaching decisions on the basis of consensus, formally, should there be circumstances where a vote is called for, no authority represented on the Board will be empowered to vote on or to discharge a function belonging to another for which it has no responsibility in law. Accordingly, the **Terms of Reference are drafted to ensure safeguards** are in place regarding Councils' discharge of their own statutory and non-statutory responsibilities.

All participating authorities, whether or not agreeing to delegate functions, will be required to contribute towards the costs of funding the Board. **It is proposed that the County Council will act as host Authority for the Board.**

Strategy and Policy, December 2023
