

Vision

Working in partnership we will protect people in Derby and Derbyshire from infectious diseases and environmental hazards and minimise any impact on health

Objective

Through health protection activities improve health and wellbeing and achieve more equitable outcomes so that all people in Derby and Derbyshire can start well, stay well, age well and die well

How?

Prevent

Prepare

Respond

Assure

6 areas of focus

1. Ensure we have in place strong communication and coordination between partners across the health protection system

2. Develop a clear understanding of roles and responsibilities across health protection system partners

3. Strengthen community infection prevention across settings and prioritise proactive control of infection

4. Increase vaccination uptake amongst children and adults and reduce vaccine inequalities

5. Develop specific consideration and support for risk and vulnerable groups such as migrant groups and care home residents

6. Strengthen preparation and response to environmental hazards and emergency events such as pandemics and extreme weather events

Enablers

- Strong communication and coordination
- Clear understanding of roles and responsibilities
- Workforce development
- Data, surveillance, and intelligence
- Strong governance
- Joint working
- Strengths based approaches
