Joint Local Health and Wellbeing Board Strategy

1. Purpose

- 1.1 The Health and Wellbeing Board is asked to:
- a) Approve the content of the Joint Local Health and Wellbeing Strategy (JLHWS) 2024-2027
 - b) Champion the JLHWBS and act as leaders in the delivery of the strategy.

2. Information and Analysis

- 2.1 Following the implementation of the Health and Social Care Act 2022 on 1 July 2022, section 116A of the Local Government and Public Involvement in Health Act 2007, renames the 'Joint Health and Wellbeing Strategy' to the 'Joint Local Health and Wellbeing Strategy (JLHWS)'. In preparing a JLHWS, the strategy will have regard to the Integrated Care Strategy. The JLHWS sets out agreed priorities and joint action for partners to address the health and wellbeing needs of the local population as identified by the Joint Strategic Needs Assessment (JSNA). The JSNA has now been published on the Derbyshire Observatory [Derbyshire Observatory – JSNA](#).
- 2.2 Data, intelligence and feedback from development sessions, engagement sessions and board meetings gathered over the last 12 months has been collated and analysed, along with information from the JSNA. Collectively

this data, intelligence and feedback has been utilised to prepare the Joint Local Health and Wellbeing Strategy.

2.3 The Board have previously approved the five Areas of Focus for the Strategy. The five Areas of Focus were also presented to the Improvement and Scrutiny Committee – Health in December 2023. The Areas of Focus are:

- Tackle the four main risk factors that lead to poor health
- Support good mental health
- Support communities to be resilient and independent
- Tackle child poverty and enable children and young people in Derbyshire to start well
- Develop the Health and Wellbeing Board to effectively deliver on the areas of focus

2.4 Public Health have worked alongside system partners and ensured that engagement and learning from the ICS Strategy development was implemented in developing the JLHWBS.

2.5 Public Health are working alongside Derby City partners to align the strategy where possible across the Integrated Care System.

2.6 An action plan for delivery of the JLHWBS will be formulated and a draft will be presented to the Board in July 2024.

2.7 The JLHWBS will be professionally designed and, once this has been completed, will be published and shared with partners and the wider system.

3. Alternative Options Considered

3.1 Not developing a new Joint Local Health and Wellbeing Strategy. This option is not appropriate as it was agreed in February 2022 to prepare a full strategy refresh during 2023.

4. Implications
