Agenda Item No.6

DERBYSHIRE COUNTY COUNCIL

AUDIT COMMITTEE MEETING

27 May 2020

Report of the Director of Finance & ICT and Assistant Director of Finance (Audit)

EXTERNAL REVIEW OF AUDIT SERVICES

1. Purpose of Report

To inform Members of the review of advisory actions contained in the report produced following assessment of the Audit Services Unit's compliance with the Public Sector Internal Audit Standards (PSIAS).

2. Information & Analysis

The PSIAS are based on the mandatory elements of the International Professional Practices Framework (IPPF) of the Global Institute of Internal Auditors (IIA), and intended to promote further improvement in the professionalism, quality, consistency and effectiveness of internal audit across the public sector. The Standards recognise that a professional, independent and objective internal audit service is one of the key elements of good governance.

The objectives of the PSIAS are to:-

- define the nature of internal auditing within the UK public sector;
- set basic principles for carrying our internal audit in the UK public sector;
- establish a framework for providing internal audit services, which add value to the organisation, leading to improved organisational processes and operations;
- establish the basis for the evaluation of internal audit performance and to drive improvement planning.

The Chartered Institute of Public Finance and Accountancy's (Cipfa) consultancy service (C.Co) was selected to undertake the external assessment. This assessment was carried out on the basis of a self-assessment with independent external validation.

Following the assessment Audit Services are judged as compliant with the PSIAS overall and in each of the four areas of focus assessed. At the meeting of the Audit Committee held on 10 December 2019 Mr Ian Kirby, C.Co Programme Director, presented the report arising from the review to Members.

Public

The report includes several advisory opportunities to enhance the internal audit service which are detailed at Appendix 1 along with the response from Audit Services and any actions arising from that response.

3. Considerations

In preparing this report the relevance of the following factors has been considered: financial, legal, prevention of crime and disorder, equality and diversity, human resources, environmental, health, property and transport considerations.

4. Background Papers

A file held by the Assistant Director of Finance (Audit).

5. Officers' Recommendation

That the Committee note the opportunities to enhance the internal audit service identified by the external assessment, the response from Audit Services and any actions arising from that response.

Peter Handford Director of Finance & ICT Carl Hardman Assistant Director of Finance (Audit)

EXTERNAL REVIEW OF DERBYSHIRE AUDIT SERVICES – RESPONSES TO ADVISORY OPPORTUNITIES

Cipfa C.Co Advisory Opportunity	Audit Services Response	Current Position
It is our view that Internal Audit Service's approach to risk- based audit planning and its ability to respond to the organisation's emerging risks is reviewed alongside the development of the organisation's developing risk maturity.	The Audit Plan is informed by both Corporate and Departmental risks. As acknowledged by Cipfa C.Co a move towards a fully risk based Plan would mean that some parts of the Council would never be audited, representing a risk in itself. The Assistant Director of Finance (Audit) is required to give an annual internal audit opinion which must conclude on the overall adequacy and effectiveness of the Council's framework of governance, risk management and control. This opinion must be supported by a breadth of Audit work. The Assistant Director of Finance (Audit) meets regularly with Corporate Management Team, Executive Directors and Directors which enables new and emerging risks to be considered, prioritised and inform Audit planning.	Continue to ens Council's key ris
It is our view that Internal Audit Plan development and delivery would benefit from a formal assurance mapping exercise and subsequent evaluation of which, if any, other forms of assurance the Service would place reliance on to reduce their own coverage in particular service areas.	The principle of assurance mapping is accepted where other forms of assurance are robust and reliable.	Assurance map revisions to the will be develope
In reviewing the approach to the development and delivery of the Audit Plan, the Chief Audit Executive should review the level of contingency within it.	During recent years the Unit has experienced particular difficulties in recruiting staff which has impacted on the delivery of the Audit Plan. Until recently the provision of a 5% contingency has been appropriate.	The Unit curren and seeks to de possible to cove governance, ris due to known st training requirer contingency will
It is suggested that the current practice of including low value recommendations within final audit reports is reviewed.	The Unit has a clear priority rating for the ranking of Audit recommendations which is included in our outputs. The priority ratings may escalate if deficiencies in control are not addressed. It is important that Members and Senior Management are aware of the nature and extent of Audit findings.	No changes to
The Service should undertake a review of its process/approach for following up audit recommendations.	Recommendations are normally followed up at the next Audit in that area. The Unit piloted an approach of following up recommendations for Departmental Projects as part of Departmental reviews but this proved to be resource intensive. Management have a responsibility to implement Audit recommendations and the recently introduced recommendation tracking system seeks Management assurances on the progress of recommendations. Where there are particularly significant recommendations these will be specifically followed up.	No changes to o
Consider the development of an appropriate terms of reference, utilising the current project brief, as a means of enhancing the audit process overall.	Audit notify Executive Directors and Directors of forthcoming reviews by email in accordance with the protocol agreed with Corporate Management Team. These emails also contain an outline of the scope of the Audit and offer the opportunity for Senior Management to contribute to that. Audit work should not be restricted by Senior Management consent.
